

COLUMBUS 2

Combining a sturdy construction with a beautiful design, the Columbus 2 - 28mm Log Cabin is a stylish and high-quality cabin to complement your home. Beautifully constructed from thick 28mm Nordic Spruce interlocking logs, this solid and hard wearing cabin boasts an authentic chalet style build with chamfered log ends, supported by wind braces and treated foundation joists. The strong floor and roof are 19mm tongue and groove cladding, well-known for its durability and weather resistant qualities, providing a long-lasting and reliable cabin.
