

**HOUSTON 2**

It's amazing just how much clutter you amass over a few months or years. Within days of getting a garage, vast amounts of possessions start to travel from the house or the garden shed. Before you know it, there's no room left for your car. Our Houston 1 log garage meets that problem head-on. You can park your car, but also store your garden or DIY equipment, even add a workbench. The side windows allow plenty of natural light and fresh air if you want to work in the garage as well as park the car.
